

AVERY FIRE ASSOCIATION - CHIEF'S COMMITTEE

January 5th, 2017 - Mayland Tech

The regular monthly meeting of the Chief's Committee was called to order by Chief Bob Garland.

Members were asked to make lists of road signs the incorrectly listed public roads as private and vice versa for the 911 Committee.

Members were asked to assign their paid personnel the responsibility of getting all member's profiles into the I Am Responding system along with mapping the water points. They were also reminded to print out the responding neighboring department's members after each call.

Bob Garland announced that the Elk Park Rescue Squad building had been turned over to the Elk Park VFD keeping one bay for a rescue vehicle.

Members discussed the proper proportioning of Class A foam noting that it should be used at less than a 1% concentration.

It was reported that Class B uniforms could be purchased for \$ 250 each. Kennie McFee suggested that each department request \$ 2,000 for uniforms this year.

Charlie Franklin reminded departments that they must have their grant list and budgets into his office by February 15th. He also reminded members that there would be a Chief's and employee meeting Tuesday night. Charlie noted that the county had switched attorneys and that we were now waiting on the new attorney to deliver the truck titling decision and automatically renewable contracts.

There being no further business, the meeting was adjourned.
